DEDICATION

To this flag, or rather to what it symbolizes, we dedicate the 1944 Megaphone. The five hundred and ninety-six has increased and will continue to increase until we have won this conflict. The school has changed and these changes can be noticed in our book—but our primary purpose is still here.

In the past the book has been for the students to look back upon—this year the book is mainly for those who are not here, so they may see what the school is still like. As you see, this is a wartime book, and it is dedicated to the peace that will follow.

PRINCIPALS

The 1944 Megaphone carries our sincere greetings to the many graduates and former students of the Fortuna Union High School who are now serving their country and upholding the traditions of our school. We congratulate the Megaphone staff and students upon making this book possible during these trying times. It is our hope that through the medium of this book the ties of high school friendships will be more closely bound and the memories of high school days will be made more lasting.

ADVISORY BOARD

This year the Advisory Board has had the double responsibility of planning activities for the students and of keeping these activities within the limits of wartime transportation facilities.

Under the leadership of Bill Correll and Mr. Stenback they not only met their responsibilities but they sponsored a highly successful campaign to increase our war bond and stamp sales which enabled us to earn the Treasury flag. They also planned and organized the assembly programs, including a number of full-length movies.

It is felt that the Advisory Board has accomplished a great deal this year and has shown how important and necessary an active student government is to the school.

The sophomore class followed tradition and did its duty in keeping the grounds clean and operating the soft drinks stand at dances and basketball games, but this didn't keep them from other activities.

They entertained the Student Body by the presentation of their play, "The Vain Effort," and as their outstanding event they sponsored the annual Spring Frolic.

Between these covers we have tried to bring a very full year directly into view. We believe the familiar sights and faces appearing on these pages will, in future years, bring many hours of enjoyment.

Although this book is not quite so thick as usual, we feel that we are fortunate to have a Megaphone this year. It may be the last until peace comes again. With this thought in mind we, the staff, hope we have done our job well enough to last until peace does come.

We have enjoyed working on this book, and we hope it pleases you.

SCHOLARSHIP SOCIETY

The Scholarship Society has been active this year, participating in a number of events of unusual interest. The Fortuna chapter officiated at the installation of two new chapters in the county, one in the Eureka and the other in the Arcata High School.

Scholarship students have continued to keep up the service men's file in which are listed names of graduates in the service.

Following last year's precedent, each member of the group took over the duties of a teacher for one day, an experience which was felt to be valuable and interesting.

Janice Petersen was president during the fall semester, Frank Rohner in the spring semester.

EXCALIBUR CLUB

Under the leadership of Darrell Robinson in the fall term and Gene Lucas in the spring semester, the 1943-44 year has been a successful one for the Excalibur Club. In upholding their motto, "He who best serves others best serves himself," members of the club have found opportunities to carry out worthwhile projects around school.

Some of the activities for the year include decorating and ushering at all home basketball games and having a new set of numbers made for the seats in the auditorium.

The club this year adopted the practice of wearing scarlet shirts and yellow ties every Friday.

Although several of the boys left during the year to join the armed forces, a number of new members were accepted into the club.

GLEE CLUB

Although the glee club was small this year, the girls presented some very colorful and interesting programs. They were able to cover a wide variety of music and they performed for the Fortuna Business Men and the Rotary Club as well as for school assembly programs. Their singing of Christmas carols was particularly inspirational. The spring concert which the glee club presented in cooperation with the band was the outstanding musical event of the year.

The sextette was enjoyed at its performances before the Rotary Club, the Eastern Star, and the Fortuna churches. The group sang at the lighting of the world's tallest tree during the Christmas season.

BAND

In spite of a year of almost complete inactivity in 1942-1943 because there was no music teacher, the band, under the direction of Mrs. Lloyd Anderson, has shown what enthusiasm and cooperation can do in developing a splendid musical organization. The credit should go not only to the band and director, but also to the entire student body and to the people of the district who have given it their support and interest.

Because of difficulty in securing transportation, the activities of the band have been limited, but it has played for basketball games, school assemblies, and local service clubs.

Mary Ibarreta was president during the fall semester and Janice Petersen presided in the spring.
